About MIET Jammu

Established in 1999, MIET is the first private engineering college in Jammu and Kashmir. As a UGC approved Autonomous Institution, the institution is committed to fostering academic excellence, innovation, and research. Offering undergraduate, postgraduate, and doctoral programs in Engineering and Technology, Business Administration, Commerce, and Law, the institute emphasizes a cutting-edge curriculum, state-of-the-art infrastructure, and industry collaboration.

About - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/about-us/ | Crawled: 2026-10-09T14:09:47.810911+00:00

About MIET

Model Institute of Engineering and Technology was established in 1996 after approval of the AICTE was received, making it the first engineering college in the private sector in J&K. However, the first batch of students was admitted in the 1999 subsequent to the formulation of policies of the J&K Government governing higher technical education. Since, then MIET has graduated 22 batches of engineering students and made significant progress while adhering to its founding ideals. MIET is the flagship institution of the MIER Group (Model Institute of Education and Research) which has a glorious legacy of over 89 years. it is the oldest educational group in Jammu and Kashmir and a role-model for private educational enterprise.

The MIER group started out as the first private school in J&K, the Model Academy. The school has produced alumni of the Stature of Gen. J.J Singh, H.E. Governor of Arunachal Pradesh and Former Chief of the Indian Army, Dr. A.S. Anand, Former Chief

Justice of India and Admiral Arun Prakash, Former Chief of the Naval Staff of India.

The MIER group also operates the MIER College of Education, setup in 1981, J&K's first private college of education and the only college of education in J&K to be accorded with the "Autonomous Status" by the University Grants Commission (UGC). It was recently re-accredited with "A+" grade by the National Assessment and Accreditation Council (NAAC). It offers the M.Ed, B.Ed and B.Ed Special Education programme in Mental Retardation which is again the first of its kind in the state.

Having graduated over 50,000 learners over eight decades, today the MIER group meets the educational needs and aspirations of over 3500 learners from the pre-school to the doctoral levels.

The MIER group is managed professionally by a leadership team comprising experts in diverse domains such as education, liberal arts, science and engineering. The leadership team which has a combined experience of over 350 years includes former Vice Chancellors of State Universities. The leadership team has put in place a strategic plan to ensure that the MIER group continues to build on its past to reach new heights, based on its core values of Excellence, Diligence & Innovation.

Altium - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/altium/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Altium

About the Partnership

Altium is the world's leading provider of Electronic Design Automation (EDA) software, best known for Altium Designer—the industry's foremost PCB (Printed Circuit Board) design platform. Altium's Education Programme is purpose-built for engineering institutions, offering free licences, structured curricula, and internationally recognised certifications in PCB design. Through this MOU, MIET Jammu's academic programmes become part of Altium's global academic network, enabling students and faculty to work with the same professional tools used by leading electronics companies worldwide, from consumer electronics to aerospace and defence.

Benefits for Students

- Free Altium Designer Licence: Every enrolled student receives a free licence to Altium Designer—the world's #1 PCB design tool—for personal and academic use throughout their programme.

- Hands-On PCB Design Training: Structured courses covering schematics, component libraries, PCB layout, design rule checks, and manufacturing output generation.

- Industry Certification: Students who complete the programme receive an Altium Education Certificate, a credential recognised by electronics employers globally.

- Real-World Project Experience: Students design, simulate, and prepare manufacturable PCBs—building a tangible project portfolio before they graduate.

- Career Readiness: Proficiency in Altium Designer is sought by electronics manufacturers, product development firms, and R&D laboratories worldwide.

AMD - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/amd/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Advanced Micro Devices (AMD)

About the Partnership

Advanced Micro Devices (AMD) is a global semiconductor company and a pioneer in high-performance computing, graphics, and visualisation technologies. AMD's University Program is a globally recognised initiative that partners with academic institutions to empower the next generation of engineers, researchers, and computer scientists. Through this MOU, MIET Jammu's academic programmes join AMD's academic network to access cutting-edge hardware, software tools, AI resources, and training—preparing students and faculty to excel in the rapidly evolving fields of computer architecture, embedded systems, AI, and high-performance computing (HPC).

Benefits for Students

- Free Learning Resources: Students gain access to AMD's extensive library of tutorials, documentation, and online courses covering AI, HPC, FPGA/SoC development, and processor architecture.

- Affordable Hardware Access: AMD provides affordable or subsidised hardware products enabling students to experiment with real computing platforms during their studies.

- Competitions & Hackathons: Students are invited to participate in AMD-sponsored competitions and innovation events that sharpen problem-solving skills and enhance professional visibility.

- AI & HPC Cluster Access: Eligible students and researchers may apply for compute allocations on AMD's AI & HPC Cluster, powered by AMD EPYC processors and AMD Instinct accelerators.

- Career Pathways: The linkage opens direct networking and internship opportunities with AMD and its ecosystem of technology partners globally.

AUTODESK - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/autodesk/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Autodesk

About the Partnership

Autodesk is a world leader in design and make technology, delivering software solutions used by professionals across architecture, engineering, construction, manufacturing, media, and entertainment. Autodesk's education programme is one of the most extensive in the industry, offering academic institutions access to its full suite of design tools including AutoCAD, Fusion 360, Revit, Inventor, and more. This MOU establishes a collaborative framework to integrate Autodesk's industry-leading platforms into MIET Jammu's academic programmes, equipping students and faculty with the skills demanded by modern design and manufacturing industries.

Benefits for Students

- Free Software Access: Students receive free access to the entire Autodesk Education portfolio—including AutoCAD, Fusion 360, Revit, Maya, and 3ds Max—through the Autodesk Education Community.

- Industry-Relevant Skills: Hands-on training with tools actively used in architecture, civil engineering, mechanical design, product development, and media industries.

- Design & Innovation Centre: Students benefit from access to dedicated design labs equipped with Autodesk cloud-based platforms and digital manufacturing tools.

- Design Competitions: Participation opportunities in Autodesk-sponsored national and global design competitions, boosting portfolio development and recognition.

- Improved Employability: Proficiency in Autodesk tools is a standard requirement across AEC and manufacturing sectors, directly enhancing placement prospects.

AVD Motion Pictures - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/avd/ | Crawled: 2026-10-09T14:09:47.810911+00:00

AVD Motion Pictures

About the Partnership

AVD Motion Pictures is a professional film and media production company with expertise in feature films, short films, digital content, corporate media, and visual storytelling. This MOU establishes a creative industry linkage between MIET Jammu's academic programmes and AVD Motion Pictures, opening avenues for students and faculty in media, communication, visual arts, and related disciplines to engage with the professional film-making ecosystem. The partnership bridges the gap between academic media training and the realities of the entertainment industry, providing practical exposure, professional mentorship, and creative project collaboration in line with industry standards.

Benefits for Students

- Professional Cinematography Training: Students receive training directly from industry experts, focusing on technical and creative aspects of cinematography.

- Filmmaking Skill Development: Structured opportunities to develop skills in screenplay writing, directing, and comprehensive film production.

- Real-World Production Experience: Hands-on experience through live film projects, allowing students to work on professional-grade productions.

- Portfolio Development: Students gain opportunities to contribute to professional production work, building a tangible portfolio to strengthen their prospects in the media industry.

- Mentorship: Guidance from AVD Motion Pictures' team, offering career advice and creative critique on student projects.

Amazon Web Services Academy - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/aws/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Amazon Web Services Academy

Overview

MIET has achieved the unique distinction of being shortlisted by Amazon among the first 10 institutions across the country to run AWS Academy Program for offering authorized AWS curriculum of Cloud Computing. Amazon Web Services (AWS) program is designed to help students acquire the skills and credentials needed in the cloud IT workforce. The course will prepare students for careers in the rapidly growing cloud computing space, and help them prepare for industry-recognized AWS Certifications. Two AWS certified and accredited instructors, Mr. Purnendu Prabhat, Assistant Professor, Department of Computer Science and Engineering and Mr. Rishi Gupta, Assistant Professor, Department of Computer Science and Engineering run this course for the final year students. They are among the first few accredited AWS Academy instructors inIndia.

Since its launch in April 2018, the AWS Academy at MIET has trained 17 students who are appearing for the high-valued certification exam being held in April 2019 across different testing centers.

B.Tech (Lateral Entry) - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/b-tech_lateral/ | Crawled: 2026-10-09T14:09:47.810911+00:00

About the Program

The B.Tech Lateral Entry program at Model Institute of Engineering and Technology (MIET), Jammu, enables diploma students to gain direct admission into the third semester of the B.Tech program across key engineering streams. Tailored as a fast-track route, the program is ideal for students aiming to leverage their foundational technical education and transition into advanced, industry-relevant engineering roles.

With AICTE approval and autonomous status, MIET offers a dynamic curriculum that merges academic rigor with practical learning. Whether in Computer Science, Electronics & Communication, Civil, or Electrical Engineering, students acquire future-ready skills, hands-on experience, and the versatility to thrive in a rapidly evolving tech landscape.

Backed by strong industry linkages and an innovation-driven ecosystem, the program offers academic flexibility through choice-based credit systems, emerging technology tracks, and real-world exposure via internships, capstone projects, and national-level competitions. With MoUs with top companies and institutions, workshops in AI, IoT, and Cloud, and consistent placement support, MIET ensures that students graduate not just with a degree, but with the confidence and capability to lead in their chosen fields.

Where Excellence Meets Recognition

Our programs have earned national recognition from top-ranking agencies. These accolades highlight our commitment to academic excellence, industry-aligned curriculum, and holistic student development.

From Diploma to Degree—MIET Opens the Door

Take the next big step in your engineering journey with MIET's B.Tech Lateral Entry program. Join in the 3rd semester and immerse yourself in a future-focused curriculum that balances core computing, industry certifications, and innovation. With strong placement support and real-world exposure, MIET equips you with the skills and confidence to thrive in the competitive tech landscape.

Program Flexibility

Dual Majors or Minors*

Interdisciplinary Learning

Career Versatility

Flexible Exit Programs*

Courses Offered

Computer Science & Engineering

Empowering students with technical expertise, problem-solving skills, and innovation in software development, AI, cybersecurity, and emerging technologies for a dynamic tech-driven future.

- Engineering Course

CSE - Cyber Security

Cyber security protects digital assets from cyber threats, ensuring data confidentiality, integrity, and availability through proactive defense measures and education.

- Engineering Course

CSE - Artificial Intelligence & Machine Learning

AI and ML drive innovation by enabling machines to learn from data, automate processes, and enhance decision-making across industries, revolutionizing business operations and improving efficiency.

- Engineering Course

Civil Engineering

Civil engineering designs, builds, and maintains infrastructure projects, including roads, bridges, buildings, and water systems, ensuring safety and sustainability.

- Engineering Courses

Electrical Engineering

Electrical engineering focuses on designing, developing, and maintaining electrical systems, powering everything from homes to industrial machinery and technology.

- Engineering Course

Electronics & Communications Engineering

Electronics and Communication Engineering designs devices and systems, enabling seamless connectivity and advanced technology solutions worldwide.

- Engineering Courses

Placements

Whether you're a diploma holder aiming to elevate your career, switch to cutting-edge tech domains, or fast-track your path to top industry roles, MIET's B.Tech CSE Lateral Entry program offers a seamless transition into advanced engineering education. Gain industry-relevant skills, hands-on experience, and a globally recognized degree to thrive in the digital age.

Placement Report

Our Prominent Recruiters

Internships

At MIET, internships form a vital part of the B.Tech Lateral Entry program, offering students real-world exposure to the tech industry. Through structured internships with leading companies and startups, students apply their technical knowledge in practical settings, work on live projects, and gain valuable industry experience—preparing them for successful tech careers.

4th Semester

Application of core engineering skills; hands-on learning through real-world projects and industry internships.

6th Semester

Deeper functional exposure through an in-depth project in a chosen sector, helping students align academic learning with career interests.

8th Semester

In the final semester, students pursue an advanced internship through a capstone project, research assignment, or strategic industry role aligned with their career or higher education goals.

Eligibility

- Must have passed with 50% marks in 3-year Diploma in Engineering/Technology (after 10th) from an AICTE/UGC recognised institute.

- Must have valid LEET (Lateral Entry Entrance Test)/ MET (MIET Entrance Test)

- Must possess a Domicile Certificate

BA(Hons.) JMC - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/bahons-jmc/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Become a Storyteller the World Can't Ignore

BA (Hons.) Journalism & Mass Communication at MIET Jammu

Model Institute of Engineering & Technology · Kot Bhalwal, Jammu

Industry-first curriculum

Journalism fundamentals paired with digital media, analytics, and content strategy for today's media landscape.

Professional media labs

State-of-the-art studios, production suites, and digital content creation tools from Day 1.

Strong industry linkages

Partnerships with leading news organizations, PR agencies, production houses, and digital media brands.

Skill certifications

Integrated certifications in digital marketing, communication design, and social media analytics.

Expert mentorship

Learn from experienced faculty, industry leaders, and MIET alumni active across India's media sectors.

Global media perspective

International journalism standards, cross-cultural communication, and global media ethics in every semester.

Industry & Knowledge Partners

Strategic collaborations that provide students with internships, workshops, mentorship, industry exposure and professional networking opportunities.

VIVO

Industry exposure in mobile imaging, visual communication, content creation and emerging digital media technologies.

AVD Motion Pictures

Exposure to filmmaking, production workflows, storytelling and creative media projects.

Canon

Industry-standard photography and videography ecosystem.

Autodesk

Access to industry-relevant creative design and visualization technologies.

Daily Excelsior

Exposure to newsroom practices, journalism and professional media workflows.

News reporting & investigative journalism

Television & digital broadcasting

Advertising, PR & corporate communication

Film studies & documentary production

Digital storytelling & visual journalism

Media ethics, law & policy

Faculty & Media Experts

Learn from experienced academicians and industry professionals shaping the future of media, communication, and digital storytelling.

Mr. Yogesh Manhas

Professor of Practice

Department of Journalism & Mass Communication

Yogesh Manhas career has traversed diverse spheres of Journalism, Art Direction, Brand Building, Education over more than 26 years. His journey began as a Photo-Journalist and evolved through roles as a Photo Editor, Creative Director and Editorial Leader, eventually taking him to the higher positions of Managing Editor and Editor-in-Chief of a national broadcast news channel.

Over the years, he has worked with reputed organisations including NB News, The Indian Express, Amar Ujala, Reuters, AFP, Barcroft Media to name a few while also advising Government Institutions, Ministries and Global brands on Media, Branding and Visual Communication. An accomplished Art Director, Brand Consultant, Journalist, Photographer and as an Educator, Yogesh has also conducted lectures and workshops at institutions including IIM Jammu, University of Jammu, Jamia Millia Islamia, AMU, IIT BHU to name a few.

Dr. Ujjval Chandra Das

Associate Professor

Department of Journalism & Mass Communication

Dr. Ujjval Chandra Das is an academician, researcher, and media professional with over 14 years of experience in media and communication. He holds a Ph.D. in Mass Communication, with his doctoral research focusing on the development of news agencies in India. His research interests include digital media, cinema studies, advertising, public relations, and artificial intelligence in media. He has published over 36 research papers and scholarly works, including publications in Scopus-indexed, Springer, UGC-CARE, and peer-reviewed journals. His academic and professional contributions also include two registered design patents: “Virtual Reality Headset” (2025) and “AI-Driven Real-Time Fact-Checking Device in Live News Broadcasts” (2026), reflecting his interest in media innovation and emerging technologies. Professionally, he has worked with Balaji Telefilms as an Associate Creative Writer.

BBA BFSI (Hons.)

About the Program

- 3+1 Years
- 60 Seats

The BBA (Hons.) BFSI program at MIET is a specialized undergraduate degree crafted to meet the dynamic needs of the financial services industry. Aligned with the National Education Policy (NEP), the program offers a strong foundation in banking, capital markets, insurance, fintech, and regulatory frameworks. Developed in collaboration with industry experts, the curriculum integrates practical learning, global certifications, and internships to prepare students for high-impact careers in banks, NBFCs, insurance firms, and financial consultancies. With a future-ready approach, MIET ensures students gain critical skills in digital finance, risk management, financial analytics, and customer relationship management—empowering them to become agile professionals in a rapidly evolving financial ecosystem.

Where Excellence Meets Recognition

Our B.Com program has earned national recognition from top-ranking agencies. These accolades highlight our commitment to academic excellence, industry-aligned curriculum, and holistic student development.

BBA in Banking, Financial Services, and Insurance.

The BBA BFSI program at MIET offers a specialized, industry-driven curriculum that prepares students for careers in the fast-paced world of banking, financial services, and insurance. With a strong focus on practical learning, professional certifications, and domain-specific expertise, students gain deep insights into financial markets, banking operations, insurance management, and fintech. Through real-world projects, internships, and expert-led sessions, MIET ensures that graduates are not only job-ready but equipped to lead and innovate in the evolving financial landscape.

Launch Your Career in Banking & Finance with BBA BFSI at MIET

Prepare to lead in the fast-evolving financial world with a cutting-edge BBA-BFSI program designed for future banking and finance professionals. Our industry-aligned curriculum combines deep domain knowledge in banking, financial services, insurance, and fintech with hands-on learning and real-world applications. With opportunities to earn professional certifications and explore interdisciplinary pathways, students gain a strong competitive edge and the agility to thrive in data-driven, digitally transforming financial ecosystems.

Internships

At MIET, internships are an integral component of the BBA (Hons.) program, designed to provide students with practical exposure and industry insight. Through structured internship opportunities, students apply classroom knowledge in real business settings, gain hands-on experience, and build professional networks.

2nd Semester

Community orientation, early work exposure, and development of empathy and problem-solving in real-world settings.

4th Semester

Application of core business skills in marketing, finance, HR, or operations; hands-on learning in structured work environments.

6th Semester

Deeper functional exposure through an in-depth project in a chosen sector, helping students align academic learning with career interests.

8th Semester

In the final semester, students pursue an advanced internship through a capstone project, research assignment, or strategic industry role aligned with their career or higher education goals.

Program Highlights

Aligned with the National Education Policy (NEP), the BBA BFSI program at MIET offers a flexible and future-forward academic path. Students can graduate after three years or choose to continue into the fourth year for deeper specialization and enhanced career prospects.

〉3-Year BBA BFSI Degree (120 Credits)

Graduate with core competencies in banking, financial services, and insurance—ready for professional roles or postgraduate education.

〉4-Year Honours Pathway

■ BBA BFSI (Hons.) – Deepen your expertise through advanced domain electives in banking operations, digital finance, risk, and investment management. ■ BBA BFSI (Hons. with Research) – Strengthen your academic and analytical profile through a structured research project—ideal for those aiming at higher education or careers in financial research and analytics.

BBA - LLB (Hons.)

About the Program

- 5 Years

- 120 Seats

The five-year integrated BBA-LLB program at MIET School of Law is the first of its kind in J&K, combining the strength of business education with rigorous legal training. Designed under the Choice-Based Credit System (CBCS) and aligned with NEP 2020 and BCI norms, the program empowers students with the analytical, managerial, and legal acumen needed to excel in corporate law and beyond.

What sets MIET's BBA-LLB apart is its interdisciplinary approach—blending foundational courses in business, economics, and management with comprehensive legal studies. Students gain exposure to real-world legal practices through moot courts, legal aid clinics, internships with law firms and corporates, and court visits. A focus on research, ethics, and policy further sharpens their critical thinking and advocacy skills.

With personalized mentorship, industry-driven electives, and access to state-of-the-art legal infrastructure, students are not just prepared for the courtroom—they're equipped for boardrooms, consulting firms, regulatory bodies, and more. At MIET, we're shaping legal professionals who are future-ready, globally aware, and ethically grounded.

Bachelor of Business Administration & Bachelor of Legislative Law (Hons.)

The BBA-LLB program at MIET offers an interdisciplinary, industry-relevant legal education that blends business acumen with core legal expertise. Designed for aspiring legal professionals with a corporate edge, the program emphasizes experiential learning, policy insight, and ethical leadership. Through moot courts, legal internships, research projects, and integrated management studies, students gain practical exposure and strategic thinking skills. With a curriculum aligned to NEP 2020, BCI, and global standards, MIET's BBA-LLB empowers students to navigate legal, regulatory, and corporate landscapes with confidence and competence.

Where Excellence Meets Recognition

Our BBA-LLB program has earned national recognition for its innovative curriculum, interdisciplinary approach, and focus on developing ethically grounded legal professionals equipped for dynamic careers in law, business, and governance.

Empower your legal and business journey with a BBA LLB from MIET.

Prepare to lead with clarity and conviction in today's complex legal and corporate landscape through MIET's integrated BBA LLB program. This unique course blends business acumen with comprehensive legal education, equipping students with a multidisciplinary edge. With a strong focus on experiential learning, courtroom exposure, and real-world legal practice, you'll build

the critical thinking, advocacy, and analytical skills needed to excel across corporate, legal, and policy domains.

Specializations

Constitutional Law

Corporate Law

Crime & Ciminology

Intellectual Property Law

Placements

Whether you aspire to lead in the corporate world, launch your own venture, join public service, or pursue higher studies, MIET's BBA LLB program equips you with the legal insight, business acumen, and critical thinking skills needed to thrive in diverse career pathways. With a strong foundation in law and management, combined with practical exposure and academic rigor, you'll graduate ready to make an impact—professionally, socially, and ethically.

Internships

The BBA LL.B. program at MIET emphasizes practical learning through structured internships starting from the 2nd semester and continuing till the final year, aligned with academic progression and career goals.

2nd Semester

A mandatory internship across sectors such as Banking & Finance, FMCG, IT, Consulting, E-commerce, and Manufacturing, where students gain hands-on experience and apply functional knowledge to real-world business challenges.

3rd Semester

Students engage in short-term live projects or consulting assignments with companies, enhancing their understanding of dynamic business environments while developing analytical and communication skills.

4th Semester

In the final semester, students undertake an extended internship, allowing them to explore specialised domains and contribute meaningfully to business outcomes. This experience often serves as a pathway to final placements.

Program Highlights

Our 5-year integrated BBA LL.B. program is designed to develop legally and managerially sound professionals, ready to lead across legal, corporate, and policy domains. The program combines rigorous academic learning with continuous practical exposure, enabling students to build a strong interdisciplinary foundation and choose focused legal pathways in the senior years.

〉 Years 1–3: Foundational Legal & Business Education ■ Build a strong base in core legal subjects, business fundamentals, and communication skills. ■ Gain early exposure to internships, legal literacy drives, court visits, and community engagement. ■ Develop critical thinking, research, and analytical capabilities essential for legal studies and practice.

〉 Years 4–5: Advanced Legal Practice & Career Pathways ■ General Law Track – Graduate with a balanced understanding of civil, criminal, corporate, and constitutional law, suitable for diverse legal roles and competitive exams. ■ Corporate & Commercial Law Focus – Choose electives and internships aligned with corporate law, IPR, banking, and business regulations, ideal for in-house counsel and law firm careers. ■ Litigation & Judicial Services Preparation – Engage in intensive moot court training, legal drafting, and judicial exam prep, designed for students aiming for litigation or judiciary roles. ■ Research & Higher Studies Track – Undertake a research project or dissertation, guided by faculty mentors, to prepare for LL.M., Ph.D., or policy research careers.

Experiencial Learning

Legal Aid Clinic

The Legal Aid Clinic at MIET, established under the aegis of the School of Law, serves as a vital platform to promote access to justice and legal awareness within the community. Functioning under the guidance of faculty members and legal experts, the clinic provides free legal assistance, counseling, and support to the underprivileged sections of society. It also empowers students with hands-on experience through client interactions, legal literacy drives, and participation in pro bono activities. Committed to upholding constitutional values and social justice, the clinic bridges the gap between legal education and societal needs.

MOOT Court

Moot Court at MIET offers law students a platform to hone their advocacy, research, and legal reasoning skills in a simulated courtroom environment. The 1st Nyaya Vedanta Intra-Moot Court Competition, organized by the Moot Court Committee, marked a significant milestone. This two-day event featured memorial exchanges, researcher tests, and rounds judged by senior advocates from the J&K High Court. With standout performances and rigorous argumentation, the event showcased the courtroom readiness of our budding legal professionals. Through such initiatives, MIET fosters experiential learning, critical thinking, and professional excellence in legal education.

Supreme Court Exposure Visits – MIET School of Law

To bridge the gap between theoretical knowledge and real-world legal practice, MIET School of Law organizes regular exposure visits to the Supreme Court of India. These visits provide students with firsthand insight into the workings of the apex judicial institution. Interacting with legal luminaries, observing live court proceedings, and understanding constitutional advocacy deepen their understanding of the justice system. Such immersive experiences enrich classroom learning and inspire students to pursue excellence in the legal profession with greater clarity and purpose.

Official Memberships in Regulatory Authorities

Eligibility

- 50% marks and above in 12th Class.

- Any State or National Level Entrance Exam (CUET, CLAT) or MET (MIET Entrance Test)

Asmi Abrol

BBA-LLB (Hons.)

“At Miet School of law we get exuberant opportunities and exciting experiences which enhances our overall college life. It ranges from legal research, moot courts , Digital library, Workshops and seminars and many more.. We cherish all the real life adventures and true spirit of advocacy at Miet School of law.”

FAQs

What is the advantage of pursuing an integrated BBA LL.B. program?

The BBA LL.B. program combines the study of law with business administration, providing students with a unique blend of legal knowledge and managerial skills. This dual specialization opens up diverse career opportunities in corporate law, litigation, judiciary, legal consultancy, compliance, and more.

What kind of internships will I get during the BBA LL.B. program?

Students undergo structured internships from the 2nd semester onward with courts, law firms, corporate legal departments, NGOs, and regulatory bodies. These internships are designed to offer real-world exposure and practical legal training aligned with each stage of the program.

What career options are available after completing BBA LL.B.?

Graduates can pursue careers in corporate law, litigation, civil services, judicial services, legal consulting, or higher studies like LL.M. and Ph.D. The program equips students for both traditional legal roles and emerging opportunities in business and law.

Committee Against Sexual Harassment - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/cash/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Committee Against Sexual Harassment

Overview

The Committee Against Sexual Harassment (CASH) at MIET is established to provide a safe, respectful, and dignified academic and workplace environment free from sexual harassment, intimidation, and exploitation.

The committee serves as the institutional body for addressing grievances and cases related to sexual harassment and recommending appropriate redressal measures. In accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (PoSH Act), Model Institute of Engineering and Technology is committed to ensuring that students, faculty, staff, and other members of the institution are treated with dignity and respect.

The policy applies to all members of the college community, including individuals employed in temporary or short-term positions. Any violation of the policy may result in appropriate disciplinary action.

Functions

The committee has three major functions:

- Educate and sensitize faculty and staff regarding sexual harassment and prevention.

- Undertake preventive measures, crisis management, mediation, and counselling wherever appropriate.

- Conduct formal inquiries, facilitate redressal, and obtain appropriate feedback.

Objectives

- To develop guidelines and norms for the institutional policy against sexual harassment.

- To develop principles and procedures for preventing and addressing sexual harassment.

- To establish appropriate procedures for effective implementation of the institutional policy.

- To prepare short-term and long-term plans of action for prevention and awareness.

- To safeguard the dignity, safety, and well-being of students and employees of MIET.

- To create awareness among members of the institution regarding the existence and role of the committee and the available redressal mechanisms.

Sexual Harassment of Women at Workplace (PoSH) Act, 2013

In compliance with applicable AICTE guidelines and the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, MIET is committed to maintaining a safe, inclusive, and dignified academic and workplace environment for women.

The PoSH Act provides a framework for the prevention, prohibition, and redressal of sexual harassment at the workplace and seeks to safeguard women's rights to equality, dignity, and a secure environment.

The institution maintains an Internal Complaints Committee (ICC) to address complaints in accordance with the applicable legal and institutional framework. The committee also supports awareness, prevention, and gender-sensitization initiatives across the institution.

Internal Complaints Committee (ICC) Members

The current committee members are listed below:

Member Name Designation / Department Role

1 Dr. Ankita Nanda Professor, Management Convener

2 Ms. Jasleen Mohial — External Member

3 Dr. Surbhi Sharma Associate Professor, ECE Member

4 Prof. Rajinder Sharma Professor, AS Member

5 Ms. Apoorva Bhan Assistant Professor, CSE Member

6 Dr. Mamta Sharma Assistant Professor, Commerce Member

7 Dr. Paramdeep Kour Assistant Professor, Commerce Member

8 Ms. Navpreet Kour Assistant Professor, AS Member

9 Dr. Shafia Nazir Shah Assistant Professor, Law Member

Chairperson's Message - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/chairperson/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Chairperson's Message

Dr. Renu Gupta

Chairperson, MIER Group

It gives me immense pleasure to pen down the introductory message for the Model Institute of Engineering and Technology (MIET), which has carved a niche for itself amongst the 3500+ engineering institutions in the country. MIET has the proud distinction of being the first Engineering College in the private sector in the State of Jammu and Kashmir. Established in 1999 MIET has evolved into a center of quality education and training for engineers. It is the only technical institution in J&K to be accredited with "A" Grade by the National Assessment and Accreditation Council (NAAC). The department of CSE is currently accredited by the National Board of Accreditation (NBA) from 2019-25. MIET also finds place in the top 100 T-schools of India in the 2024 DataQuest survey, while the MIET School of Management figures in the top 100 B-Schools, ranked at 52nd spot in the Return-on-Investment category by Business Today. MIET is also the first Autonomous College of Engineering in J&K, a matter of great pride for us.

MIET recently received the MIET received the Special Jury Award for Best Partner Institution at the UiPath Academic Alliance Awards and New Code of Education Award for Digital Excellence and figured in the Top Autonomous Colleges in India. It is also the recipient of the prestigious Quality Council of India's D.L Shaw Platinum Award for Quality and the RICOH Education Excellence Award for "Best use of technology in student services". MIET was ranked in the Top 10 at the India Innovation Initiative

organized by DST, AICTE and CII, receiving the Startup Board Award, while it received the “Outstanding Technical Institution Award in North India” by NITTTR Chandigarh.

MIET carries forward the glorious legacy of the MIER (Model Institute of Education and Research) Group spanning 89 years. MIER also operates the MIER College of Education, J&K’s first autonomous College of Education besides “Model Academy”, J&Ks oldest private school. Thus, the MIER group has a recorded history of educational leadership and demonstrated commitment to quality over 8 decades.

MIET has signed MoUs with the University of Missouri-Kansas City (UMKC), USA, University of Florida, USA, Aurel Vlaicu University, Romania and IIT Jammu for various collaborative initiatives. It has established strong industry linkages with Amazon, IBM, Cisco, Dell-EMC, Microsoft, UiPath, Bentley & Mitsubishi. Through these linkages students and faculty are trained on emerging technologies like cloud computing, AI, cyber security, Industry 4.0 and networking, making them industry-ready. This has resulted in best placement in J&K.

Our faculty is actively engaged in Research and Development with 63 patents filed in the last few years and over 950 research papers published in credible international and national publications. The International Journal on Next-Generation Computing indexed by Web of Science is also published out of MIET. Two IT products have also been incubated at the Center for Software Development. In coming years our stakeholders can expect us to push the boundaries further. We promise to keep innovating and executing well.

Are you ready to take the next step toward your career?

Cisco Networking Academy - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/cisco/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Cisco Networking Academy

Overview

A networking academic has been set up at MIET in collaboration with Cisco Inc. to impart training to students in the area of internet working technologies, such as to increase their chances of employability. For this purpose, a state of the art networking laboratory comprising of high-end Cisco routers and switches has been set up at MIET. All the course content is electronically delivered and students are evaluated online using Cisco developed study material.

The Cisco Networking Academy awards internationally recognised professional qualifications in computer networking. The programme is designed to teach you the skills needed to design, build and maintain small to medium-sized computing networks. It will provide you with an opportunity to enter the workforce or further your education and training in computer networking.

The academy combines instructor-led and online learning with hands-on laboratory exercises, giving you the opportunity to study at your own pace with an emphasis on the development of your skills. These sessions are challenging and give the opportunity to develop your critical thinking, problem-solving and collaboration skills, as well as your practical knowledge.

Cisco Certification

- CISCO Networking Academy courses are designed to allow students to gain real-world experience in an instructor-led environment.

- Only authorised CISCO Partner in the region.

- Access to latest online CISCO curriculum maintained by CISCO itself.

- Become alumni of the CISCO Networking Academy after completion of CCNA course.

- Well-established networking labs are maintained according to the International standards of CISCO.

- Hands-on experience with the latest CISCO equipment.

- Regular classes by CISCO Certified Instructors only.

- After successfully completing the course, you are entitled to a 60% discount on CCNA Industry Certifications (only for CISCO Networking Academy Students).

- Access to better job opportunities by CISCO and its partners worldwide.

- Skill competitions with CISCO Networking Academy students throughout the world.

- An intensive industry-oriented CCNA training program.

Career Prospects

The Cisco CCNA is a globally recognised qualification across the IT and telecommunications industry. A variety of government organisations, training institutions and corporations around the globe recommend or require the CCNA certification for their staff or channel partners.

Below are examples of the starting range of career opportunities offered to CCNA Professionals:

- Network Support

- Network Engineer

- Network Consultant

- Support Analyst

- Support Engineer

- Cisco Team Leader

- Field Network Engineers

Key Course Features

- Combination of learning methods: instructor-led and online learning with hands-on laboratory exercises

- Study at your own pace

- Emphasis on skill development

- In-depth theory and challenging labs to help you develop critical thinking, problem-solving and collaboration skills, as well as practical knowledge

CSE (AI/ML) - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/cse-aiml/ | Crawled: 2026-10-09T14:09:47.810911+00:00

CSE (AI/ML)

About the Program

- 4 Years

- 60 Seats

The B.Tech in Computer Science & Engineering (AI/ML) at MIET is designed for students eager to shape the future with intelligent technologies. This four-year program goes beyond traditional computer science education by fusing foundational computing skills with deep expertise in Artificial Intelligence, Machine Learning, and Data Science. Students gain practical experience through real-world projects, AI innovation labs, and certifications from leading tech platforms—giving them the confidence and credentials to thrive in a rapidly evolving tech landscape.

What distinguishes MIET is its commitment to flexible, student-centric learning. The program encourages exploration through electives, specialization pathways, and industry-linked case studies. Students receive continuous guidance from academic mentors and industry experts, while also benefiting from MIET's strong startup culture and research ecosystem.

Whether you aspire to develop intelligent systems, contribute to cutting-edge research, or become part of a global tech enterprise, MIET's B.Tech CSE (AI/ML) program equips you with the tools, mindset, and opportunities to lead in the world of AI.

Where Excellence Meets Recognition

Our CSE program has earned national recognition from top-ranking agencies. These accolades highlight our commitment to academic excellence, industry-aligned curriculum, and holistic student development.

Bachelor of Technology - CSE (Artificial Intelligence & Machine Learning)

The B.Tech CSE (AI/ML) program at MIET is a cutting-edge, specialization-driven course that prepares students to become tomorrow's AI innovators and data scientists.

Blending rigorous core computing fundamentals with in-depth exposure to AI/ML techniques, students work on real-world projects, master industry tools, earn global certifications, and gain insights from experienced mentors in the field. The program is designed for learners who want to harness the power of intelligent systems to solve real-world problems and drive digital transformation.

Shape Tomorrow's Tech with AI/ML at MIET

Step into the future with B.Tech CSE (AI/ML), a program crafted for the next generation of tech leaders. Dive deep into artificial intelligence, machine learning, and data science while mastering core computer science fundamentals. Our hands-on, project-based learning approach, coupled with cutting-edge tools and interdisciplinary options, empowers you to solve real-world problems and innovate at scale. Gain the skills, mindset, and adaptability to thrive in a rapidly evolving digital world.

Our Prominent Recruiters

Internships

At MIET, internships are a core component of the B.Tech CSE (AI/ML) program, providing students with hands-on experience in the evolving fields of artificial intelligence and machine learning. Collaborating with top tech firms and innovative startups, students work on real-world AI/ML projects, apply advanced concepts in practical settings, and build the industry-ready skills essential for future-focused tech careers.

2nd Semester

Community orientation, early work exposure, and development of empathy and problem-solving in real-world settings.

4th Semester

Application of core AI/ML skills in intelligent system design, data modeling, natural language processing, and predictive analytics; hands-on learning through real-world projects, research, and industry internships.

6th Semester

Deeper functional exposure through an in-depth project in a chosen sector, helping students align academic learning with career interests.

8th Semester

In the final semester, students pursue an advanced internship through a capstone project, research assignment, or strategic industry role aligned with their career or higher education goals.

Program Highlights

Our 4-year B.Tech in Computer Science & Engineering (Artificial Intelligence & Machine Learning) program is aligned with the National Education Policy (NEP 2020), offering a flexible and future-ready academic path. Students earn a degree after three years, with the option to pursue a fourth year to attain an Honours or Honours with Research qualification in AI/ML.

Eligibility

- 50% and above in 12th Class with Physics, Chemistry, and Mathematics.

- Valid score in JEE Mains/ JKCET/CUET (UG)/ MIET Entrance Test (MET)

- Must possess a domicile certificate

- Candidates with a 3-year diploma in engineering can apply for admission to the 2nd year of B.Tech.

Future-Proof Your Career with Next-Gen Skills.

CSE (Cyber Security) - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/cse-cybersecurity/ | Crawled: 2026-10-09T14:09:47.810911+00:00

CSE - Cyber Security

About the Program

- 4 Years

- 60 Seats

The four-year B.Tech in Computer Science & Engineering (Cybersecurity) program at MIET is crafted to meet the growing demand for professionals who can safeguard digital assets in an increasingly connected world. Students gain deep knowledge of computer networks, ethical hacking, cryptography, risk assessment, and information security management, along with strong programming and system design fundamentals.

What sets MIET apart is its emphasis on personalized academic pathways—allowing students to specialize in niche cybersecurity domains, engage in hands-on projects, and solve real-world security challenges. The program integrates industry-recognized certifications and offers structured internships with leading tech companies and security firms, ensuring graduates are both technically skilled and industry-ready.

Whether your goal is to become a cybersecurity analyst, ethical hacker, or pursue advanced research in digital forensics and cyber law, MIET's B.Tech CSE (Cybersecurity) program empowers you to lead confidently in the realm of digital defense.

Where Excellence Meets Recognition

Our programs have earned national recognition from top-ranking agencies. These accolades highlight our commitment to academic excellence, industry-aligned curriculum, and holistic student development.

Bachelor of Technology - CSE (Cyber Security)

The B.Tech CSE (Cybersecurity) program at MIET offers a future-ready, industry-aligned curriculum designed to develop skilled cybersecurity professionals. With a strong focus on practical learning, ethical hacking, network security, and risk management, students engage in real-world cybersecurity projects, earn globally recognized certifications, and benefit from mentorship by industry experts. Whether you aspire to protect digital infrastructure, join top cybersecurity firms, or lead in cyber defense innovation, MIET's Cybersecurity specialization empowers you with the technical expertise and real-world experience to thrive in a secure digital future.

Secure Your Future with B.Tech CSE (Cybersecurity) at MIET

Prepare to lead in a hyper-connected, digitally vulnerable world with MIET's cutting-edge B.Tech CSE (Cybersecurity) program. Designed for tomorrow's cybersecurity professionals, the curriculum blends strong computer science fundamentals with specialized training in ethical hacking, digital forensics, and network security. With hands-on learning, real-world simulations, and flexible academic pathways—including minors and interdisciplinary options—you'll build the skills, confidence, and adaptability to protect the digital frontier and thrive in the evolving tech landscape.

School of Design Thinking × Academia NxT

Overview

Model Institute of Engineering & Technology (MIET) has entered into a strategic partnership with the School of Design Thinking, Academia Nxt through the signing of a Memorandum of Understanding (MoU). This collaboration aims to foster a culture of human-centered innovation across the institution.

Key Focus of the Collaboration

The partnership will drive several impactful initiatives, including:

- Launching Innovation Bootcamps to nurture creative problem-solving.

Launching Innovation Bootcamps to nurture creative problem-solving.

- Establishing a Knowledge Repository to support continuous learning.

Establishing a Knowledge Repository to support continuous learning.

- Creating opportunities for faculty to integrate design thinking into teaching, research, and institutional development.

Creating opportunities for faculty to integrate design thinking into teaching, research, and institutional development.

Leadership & Dignitaries Present

The MoU ceremony was attended by MIET's esteemed leadership:

- Prof. Ankur Gupta, Director

Prof. Ankur Gupta, Director

- Prof. Devanand Padha, Dean Academic Affairs

Prof. Devanand Padha, Dean Academic Affairs

- Prof. Sahil Sawhney, Dean Strategy & Quality Assurance

Prof. Sahil Sawhney, Dean Strategy & Quality Assurance

MIET also had the privilege of hosting distinguished guests from the School of Design Thinking, Academia Nxt:

- Mr. Shailendra Singh Chauhan

Mr. Shailendra Singh Chauhan

- Mr. Vijay Venkatesh T.V.

Mr. Vijay Venkatesh T.V.

Interactive Session by TLC

Following the ceremony, an engaging interactive session was organized by the Dr. Arun K. Gupta Teaching–Learning Center (TLC) in collaboration with the School of Design Thinking. The session offered fresh perspectives on the role of design thinking in higher education, problem-solving, and leadership development.

A Step Toward Reimagining Education

This MoU marks an important milestone for MIET as it embarks on a journey to reimagine education, leadership, and innovation. The collaboration is expected to unlock new avenues for experiential learning, creativity, and institutional growth.

Director's Message - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/directors_message/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Director's Message

Prof. Ankur Gupta

Director, MIET

Phd, M.S., BE(Hons.)

At MIET, we take immense pride in our journey of academic excellence, innovation, and industry engagement. As the first private engineering institution in J&K, MIET has consistently raised the bar in technical education. With an "A" Grade accreditation from NAAC and NBA accreditation for the CSE department, we have set benchmarks in quality education.

Our institution stands at a defining moment. The grant of Autonomous Status by the University Grants Commission has enabled MIET to expand its academic offerings and research focus, accelerating its transformation into a premier research-driven institution. As we approach our silver jubilee in 2024, our commitment to delivering value-driven education and impactful research remains unwavering.

MIET's national recognition is a testament to our relentless pursuit of excellence. From being ranked among India's top 100 T-Schools and top 100 B-Schools to receiving prestigious awards like the Quality Council of India's D.L. Shaw Platinum Award,

our achievements reflect our dedication to quality and innovation. Strong industry linkages with global leaders such as Amazon, IBM, Cisco, and Mitsubishi ensure that our students are industry-ready, securing some of the best placements in J&K.

With over 950 research publications and 63 patents, MIET fosters a thriving research ecosystem. Our commitment to progress is unwavering, and as we push boundaries, we invite our stakeholders—students, faculty, and alumni—to be part of this transformative journey. MIET is not just an institution; it is a movement towards excellence, and the best is yet to come.

Are you ready to take the next step toward your career?

Drone Technologies - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/drone-technologies/ | Crawled: 2026-10-09T14:09:47.810911+00:00

MIET – Drone Technologies Lab

Overview

he Drone Technologies Lab at MIET serves as a specialized hub for hands-on learning, innovation, and applied research in Unmanned Aerial Vehicle (UAV) and Drone technologies. The lab provides students with a practical, industry-aligned environment to explore drone design, flight control systems, aerial data collection, and real-world applications across multiple domains. Through project-based learning, expert guidance, and live demonstrations, students develop technical expertise, problem-solving skills, and innovation capabilities essential for careers in emerging drone-driven industries.

Unique Benefits for Students

Through this lab, students gain exclusive access to a wide range of opportunities designed to build technical excellence and industry readiness:

- Hands-on drone operations: Gain practical experience in drone assembly, calibration, flight testing, and mission planning using industry-standard UAV platforms.

Hands-on drone operations: Gain practical experience in drone assembly, calibration, flight testing, and mission planning using industry-standard UAV platforms.

- Interdisciplinary learning: Work on projects integrating aerodynamics, embedded systems, sensors, communication systems, AI, and data analytics for drone-based solutions.

Interdisciplinary learning: Work on projects integrating aerodynamics, embedded systems, sensors, communication systems, AI, and data analytics for drone-based solutions.

- Application-driven projects: Develop real-world use cases in areas such as aerial mapping, surveying, agriculture, infrastructure inspection, disaster management, and surveillance.

Application-driven projects: Develop real-world use cases in areas such as aerial mapping, surveying, agriculture, infrastructure inspection, disaster management, and surveillance.

- Expert mentorship and guidance: Learn under the guidance of trained faculty and industry professionals with insights into regulations, safety protocols, and industry trends.

Expert mentorship and guidance: Learn under the guidance of trained faculty and industry professionals with insights into regulations, safety protocols, and industry trends.

- Innovation and entrepreneurship exposure: Collaborate in teams to design, prototype, and validate drone-based products and services with startup potential.

Innovation and entrepreneurship exposure: Collaborate in teams to design, prototype, and validate drone-based products and services with startup potential.

- Industry exposure and certifications: Participate in workshops, training programs, and certification-oriented modules aligned with current drone industry requirements.

Industry exposure and certifications: Participate in workshops, training programs, and certification-oriented modules aligned with current drone industry requirements.

State-of-the-Art Drone Lab

- Advanced Equipment: Equipped with professional drones, flight controllers, GPS modules, high-resolution cameras, sensors, simulators, and ground control stations. Flight Testing & Simulation: Dedicated spaces and software tools for drone simulation, mission planning, and controlled flight testing. Comprehensive Setups: Includes payload integration systems, aerial imaging tools, data processing software, and safety-compliant accessories. Collaborative Workspace: Provides a creative and collaborative environment for students to design, test, and refine drone-based solutions. Skill & Innovation Support: Enables learning in autonomous drones, AI-based vision systems, swarm technology, and intelligent aerial platforms. Research & Innovation Support: Encourages student and faculty-led projects, prototypes, and research initiatives aligned with national and industry needs.

-

How to Apply?

- You Apply

Tell us a little about yourself and we’ll help with the rest. Our convenient online application tool only takes 10 minutes to complete.

- We Connect

After you submit your application, an admissions representative will contact you and will help you to complete the process.

- You Get Ready

Once you’ve completed your application and connected with an admissions representative, you’re ready to create your schedule.

Are you ready to take the next step toward your career?

FAQ - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/faq | Crawled: 2026-10-09T14:09:47.810911+00:00

FAQ

1. What academic programs does MIET Jammu offer?

MIET offers a wide range of programs in Engineering, Management, Computer Applications, and Sciences. Undergraduate programs include B.Tech in multiple streams like CSE, ECE, IT, Civil, and Mechanical. Postgraduate offerings include M.Tech, MBA, and MCA. Explore Programs

2. How do I apply for admission to MIET?

Admissions are conducted online through the official website. Prospective students can check eligibility criteria, application procedures, important dates, and required documents on the admissions page. Apply Online

3. Where is MIET Jammu located and how do I reach there?

MIET is situated in Kot Bhalwal, Jammu, approximately 15 km from the city center. The campus is well-connected by road and local transport options. Maps

4. Is MIET Jammu affiliated and approved by educational authorities?

Yes. MIET is affiliated with the University of Jammu , and its programs are approved by AICTE (All India Council for Technical Education). It is also NAAC-accredited , ensuring quality education. Accreditations & Rankings

5. What facilities are available on campus?

MIET provides modern classrooms, computer labs, well-stocked libraries, sports facilities, separate hostels for boys and girls, cafeterias, Wi-Fi, and a dedicated innovation hub. Campus Facilities

6. What kind of extracurricular activities are available at MIET?

MIET encourages all-round development through various clubs, fests, NSS, NCC, sports competitions, cultural events, and student leadership programs. Campus Life

7. What scholarships options are available?

MIET offers merit-based scholarships, support for economically weaker sections, and category-based benefits as per government and university norms. Scholarship Information

8. What is the Training and Placement process at MIET Jammu?

The Training and Placement Cell at MIET plays a crucial role in preparing students for the professional world. It conducts:

- Pre-placement training including soft skills, aptitude, coding, and communication.

Pre-placement training including soft skills, aptitude, coding, and communication.

- Internships and industrial training with reputed firms.

Internships and industrial training with reputed firms.

- Regular interactions with industry leaders and alumni.

Regular interactions with industry leaders and alumni.

- On-campus placement drives with top MNCs and national companies.

On-campus placement drives with top MNCs and national companies.

Recruiters include Wipro, TCS, Infosys, Capgemini, Cognizant, BYJU’S , and many more.

Training & Placement Overview

9. Does MIET have an active alumni network?

Absolutely! MIET boasts a strong, global alumni network. Alumni are placed in leading global companies and government organizations, including Amazon, Google, DRDO, TCS, Infosys, 10x Banking (London), Harris County (USA), and Worldline (Netherlands) .

The Alumni Cell organizes:

- Alumni Meets and Webinars

University Of Florida - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/florida-mou-2/ | Crawled: 2026-10-09T14:09:47.810911+00:00

University of Florida

Overview

MIET has established a strategic partnership with the University of Florida, offering the MIET-University of Florida Certification Program for final-year Computer Science and Engineering students. This collaboration provides students with the opportunity to earn a certificate and potentially continue their academic journey through a preferential pathway to a Master of Science (MS) program at the University of Florida. The partnership, formalized during a visit by Prof. Sartaj Sahni, Distinguished Professor at the University of Florida, emphasizes academic excellence and global opportunities for MIET students. The program opens new avenues for advanced studies, research, and professional growth, preparing students for success in a rapidly evolving world.

- Opportunity to pursue MS Program

- Students earn 22 credits for 8th Semester

- 12 Credits from University of Florida, CISE Department.

- Certificate in Computer Science & Engineering from University of Florida.

Freshmen Induction - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/freshmen-induction/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Start of Classwork

Mark your calendars for the commencement of academic classes across all programs at 9:15 AM.

Academic Calendar 2026-27

Access the complete official academic calendar, key term dates, examination schedules, and institutional notices for all undergraduate and postgraduate programs.

Quick Access Services

Essential campus resources and portals available to all students.

Transportation

Bus routes, timings, transportation applications, and convenient travel arrangements.

Vehicle Registration

Register your vehicle for campus parking with quick approval and easy management.

PI-360 Student App

Official student app for timetable, attendance, academic performance, and campus updates.

MyCamu Student App

Campus management app for student attendance, timetables, academic records, and fee payments.

Library Portal

Access to central library resources, e-books, journals, research databases, and study materials.

Internship Portal

Access internship opportunities, industry training, placement support, and career programs.

IT Support

Technical assistance, Wi-Fi connectivity, account support, and IT infrastructure services.

IEEE Student Branch

IEEE Student Branch at MIET — fostering technological innovation, research, and technical activities.

ACM Student Chapter

ACM Student Chapter at MIET — computing knowledge, hackathons, and programming contests.

Meet Your HoDs & Faculty

Connect with Heads of Department (HoDs) and distinguished faculty members across all academic programs.

Institutional Email Student Perks

Unlock exclusive software licenses, cloud credits, hardware discounts, and digital subscriptions using your official MIET student email domain.

1. Google Benefits

- Free/discounted access to Google Workspace for Education (unlimited Drive storage for some tiers, custom Gmail, Meet, Docs, Classroom, etc.).

- Access to Google Cloud credits (students can get ■7,500–■10,000 worth of free credits).

- Faster eligibility for Google Student Programs like Google Cloud Career Readiness, TensorFlow workshops, etc.

2. Apple Benefits

- Apple Music Student Plan at half price.

- Apple Education Store Discounts on MacBooks, iPads, etc. (■7,000–■20,000 cheaper than retail, plus freebies during back-to-school promotions).

- Automatic student verification through email (no need to upload ID every year).

3. Microsoft Benefits

- Free access to Office 365 Education (Word, Excel, PowerPoint, OneDrive, Teams).

- Azure for Students credits (~$100 free cloud credits every year).

4. Other Popular Student Discounts

GitHub Student Developer Pack

Worth $200k in free software/tools like Canva Pro, Namecheap domains, DigitalOcean credits.

Notion Pro for Students

Free Personal Pro plan for organizing notes, tasks, and project docs.

Canva Pro

Free for education with premium graphic design templates and assets.

Adobe Creative Cloud

Photoshop, Illustrator, Premiere Pro & InDesign student privileges.

Autodesk Software

Free licenses for AutoCAD, Revit, Maya, Fusion 360.

Spotify Student Plan

Discounted music subscription (bundled with Hulu in some regions).

Coursera / LinkedIn Learning

Exclusive student discounts and sponsored learning certificates.

HP and DELL Student Discounts

Exclusive hardware discounts and extended warranty offers on laptops.

Vivo Mobile Privileges

Special student device privileges & campus tech partnership offers.

MIET Campus Map

Explore academic blocks, laboratories, administrative centers, amenities, and key facilities across the campus.

Campus Directory

Match each block on the map with the departments and offices inside.

Google Developer Group - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/gdg/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Google Developer Group

About

Welcome to Google Developer Group (GDG), the official community for tech enthusiasts, developers, and innovators at Model Institute of Engineering and Technology (MIET). We are a passionate group of individuals committed to fostering a vibrant tech ecosystem by organizing events, workshops, and study jams centered around Google's cutting-edge technologies and beyond.

What We Do:

At GDG MIET, we provide a platform for students, developers, and tech enthusiasts to collaborate, learn, and grow together. Whether you're just starting your tech journey or an experienced developer looking to expand your skill set, our community offers a supportive environment for everyone. We focus on a wide range of technologies, including but not limited to:

- Mobile & Web Development

- Cloud Computing

- Artificial Intelligence & Machine Learning

- Data Structures & Algorithms

- UI/UX Design

Why Join Us?

- Learning Opportunities : Attend hands-on workshops, study jams, and info sessions to learn from industry experts and peers.

- Networking : Meet like-minded individuals, collaborate on exciting projects, and build valuable professional connections.

- Professional Growth : Stay updated with the latest technological advancements and trends while building a portfolio of real-world projects.

- Community Support : Our community is here to support your journey, whether you need help with coding, building projects, or career guidance.

Be a part of a thriving tech community, grow your knowledge, and contribute to impactful projects. Join GDG MIET and take the next step in your tech career!

Source: https://mietjmu.in/governing-body/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Governing Body

Overview

The Governing Body shall be the Chief Executive Authority of the College. The proposals/recommendations of Academic Council and Finance Committee shall be approved by the Governing Body. The Governing Body shall also manage the recruitment of the teaching staff in accordance with the policies laid down by the UGC and State Government/University of Jammu.

Dr. Renu Gupta

Chairperson MIER Group

Dr. Renu Gupta, M.A (Psychology), M.Ed., Ph.D. is the Chairperson, Model Institute of Education and Research (MIER) Group & former Principal, MIER College of Education. She is dealing with Policy Planning, Administration, Training, Research and Teaching. She has many publications and research papers to her credit. She is a national level trainer for the empowerment of women under UGC and also Director Centre for Women Studies. She is a highly experienced assessor of the National Assessment and Accreditation Council (NAAC).

Governing Body Members

Prof. Yasmeen Ashai has been serving as the Director of Colleges for the Higher Education Department in Jammu and Kashmir since August 2021, following her selection by a high-level committee. Dr. Ashai's leadership continues to influence the academic landscape positively in J&K.

Prof. Yasmeen Ashai

Higher Education Department, J&K

Prof. Adit Gupta is the Director, Model Institute of Education and Research, Jammu, and Principal at MIER College of Education. He holds a Ph.D. from Curtin University, Australia, and has over 24 years of experience in educational research and technology. He is a recipient of multiple international awards

Prof. Adit Gupta

Director, MIER

Prof. Deepak Garg is an esteemed expert in artificial intelligence currently serving as the Vice Chancellor of SR University. He has significantly contributed to AI education, training over one million students and faculty through initiatives like the Newton Bhabha Fund. He has held influential positions on various startup boards and as a technical advisor to venture funds

Prof. Deepak Garg

Vice Chancellor, SR University

Mr. Kuldeep Khoda is a distinguished former Director General of Jammu & Kashmir Police (2007-2012) and Chief Vigilance Commissioner (2013-2017). With a background in M.Sc. Physics from I.I.T. Delhi, he served in IPS since 1974. He pioneered the Village Defence Scheme and received numerous national and international awards for his exceptional service, including the Webber Seavey Award and the Prime Minister's Award for Excellence in Public Administration.

Mr. Kuldeep Khoda

Fmr. DG, J&K Police & Chief Vigilance Officer

Prof. Ankur Gupta, Director, MIET, distinguishes himself with a robust innovation portfolio including 50+ filed and 10+ granted patents. His pioneering research, highlighted by recent work on "The First Principles: Setting the Context for a Safe and Secure Metaverse," is featured in ACM Computing Survey. His leadership integrates academic excellence with cutting-edge innovation.

Prof. Ankur Gupta

Director, MIET

Dr. Meena Sharma, a professor at the University of Jammu, specializes in Membrane Science and Material Science. With an M.Sc., M.Phil., and Ph.D., she is a distinguished academician

Prof. Meena Sharma

Professor, Department of Chemistry, University of Jammu.

Mrs. Ruchika Gupta is the Chairperson of FICCI FLO Jammu, Kashmir & Ladakh (JKL) and serves as the Joint Director of Model Institute of Engineering and Technology (MIET). She is recognized for her leadership and contributions to women's empowerment and education in the region.

Mrs. Ruchika Gupta

Joint Director

Prof. Devanand Padha, with 43 years of experience in research and academics, specializes in Computer Simulation and Optimization Techniques. He has published 88 research papers and guided 16 Ph.Ds. Formerly with Jammu University and Central University, he now serves at Model Institute of Engineering & Technology, Jammu.

Prof. Devanand Padha

Professor, CSE Department, MIET

Prof. G.S. Sambyal, a Ph.D. in High Energy Physics, served as Head of Computer Science and Registrar at University of Jammu. He contributed to India's first computer, guided 5 scholars, published 35 papers, and held key roles at Shri Mata Vaishno Devi University. He now teaches at Model Institute of Engineering & Technology.

Prof. G. S. Sambyal

Former Registrar, JU Advisor to Chairperson, MIER

Mr. Ashwani Padha, Controller of Examinations at Model Institute of Engineering & Technology (MIET), oversees examination processes and ensures academic integrity. With extensive experience in academic administration, he plays a crucial role in maintaining the institution's standards and smooth functioning of examination-related activities.

Mr. Ashwani Padha

Controller of Examination, MIET

Prof. Sahil Sawhney, a distinguished faculty member at the School of Management, Model Institute of Engineering and Technology (MIET), Jammu, brings over 15 years of experience in higher education and IT. An acclaimed innovator with 20 research papers and 12 patents, he specializes in Strategic Management, Accreditation, and industry collaboration, significantly enhancing academic and operational excellence at MIET.

Prof. Sahil Sawhney

Professor, School of Management

The Legacy of the MIER Group

Late Sh. H.L. Gupta and Mrs. Shanti Gupta are hailed as educational pioneers in Jammu and Kashmir. With exceptional dedication, innovative ideas, and a missionary zeal, they transformed the Model Institute of Education and Research (MIER) from a modest beginning into a major educational institution. Founded in 1936 as Model Academy, the first private school in J&K, MIER has grown to encompass education from pre-school to post-doctoral levels.

Model Academy has produced distinguished alumni, including Dr. Jitender Singh, Member of Lok Sabha, General J.J. Singh, the Governor of Arunachal Pradesh and Former Chief of the Indian Army, Dr. A.S. Anand, Former Chief Justice of India, and Admiral Arun Prakash, Former Chief of the Naval Staff of India.

Educational Impact and Leadership

Over eight decades, the MIER Group has graduated over 50,000 learners and currently meets the educational needs and aspirations of over 3,500 learners, from pre-school to doctoral levels.

The MIER Group is managed by a professional leadership team comprising experts in diverse fields such as education, liberal arts, science, and engineering. This leadership team, with a combined years of experience, includes former Vice Chancellors of State Universities. They have put in place a strategic plan to ensure that the MIER Group continues to build on its rich heritage to reach new heights, driven by its core values of Excellence, Diligence, and Innovation.

Timeline

1936

Late Prof. H.L. Gupta & Mrs. Shanti Gupta, the founders of the Model Institute of Education and Research (MIER) Group, with a vision to provide quality education, established a small school in 1936

1981

Dr. Arun K. Gupta, a visionary leader and inspirational educator, founded MIER College of Education in 1981 and served as its inaugural Chairman. His enduring legacy of knowledge, creativity, and compassion continues to empower and inspire generations of learners and educators.

1999

MIET, founded in 1999, stands as the first private engineering college in Jammu and Kashmir, established with AICTE approval. It is a distinguished member of the esteemed MIER Group, dedicated to advancing technical education and fostering innovation.

IACE - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/iace/ | Crawled: 2026-10-09T14:09:47.810911+00:00

International Automobile Centre of Excellence (iACE)

About the Partnership

The International Automobile Centre of Excellence (iACE) is a premier institution for automotive skill development in India, established as a joint venture between the Government of Gujarat and Maruti Suzuki India Limited. Located in the Knowledge Corridor of Gandhinagar, Gujarat, iACE operates with a mandate to produce world-class automotive professionals through a curriculum that is 80% practical and 20% theoretical. This MOU connects MIET Jammu's academic programmes with iACE's vast industry ecosystem, enabling collaborative programmes, student training, and faculty development in automotive engineering, EV technology, and digital product development.

Benefits for Students

- Industry-Standard Automotive Training: Students gain exposure to the same training methodologies and equipment used by Maruti Suzuki and other leading automotive OEMs in India.

- Practical Hands-On Experience: With an 80:20 practical-to-theory ratio, students develop real workshop and technical skills not available in traditional classroom settings.

- Specialised Automotive Programmes: Access to courses in Automotive Systems, Automotive Manufacturing, EV technology, and digital product development.

- Placement Assistance: iACE's strong industry connections with Maruti Suzuki and other automotive partners create direct placement and internship pathways for students.

- National and International Exposure: Opportunity to engage with iACE's international alliances, including Bendigo Kangan Institute, Australia, broadening global career horizons.

IQAC - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/iqac/ | Crawled: 2026-10-09T14:09:47.810911+00:00

IQAC

The Internal Quality Assurance Cell (IQAC) fosters academic excellence through systematic assessment, accreditation, and enhancement initiatives, ensuring sustained institutional growth and quality upgradation in higher education

Overview

In pursuance of its Action Plan for performance evaluation, assessment & accreditation & quality up-gradation of institutions of higher education, NAAC proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system & work towards realisation of the goals of quality enhancement & sustenance. The prime task of the IQAC is to develop a system for conscious, consistent & catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts & measures of the institution towards promoting its holistic academic excellence.

Strategies

IQAC shall evolve mechanism and procedures for:

- Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks

- The relevance and quality of academic and research programmes

- Equitable access to and affordability of academic programmes for various sections of society

- Optimization and integration of modern methods of teaching and learning

- The credibility of evaluation procedures

- Ensuring the adequacy, maintenance and functioning of the support structure and services

- Research sharing and networking with other institutions in India and abroad

Functions

Some of the functions expected of the IQAC are:

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution

- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process

- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes

- Dissemination of information on various quality parameters of higher education

- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles

- Documentation of the various programmes/activities leading to quality improvement

- Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices

- Development and maintenance of institutional database through MIS for the purpose of maintaining/enhancing the institutional quality

- Development of Quality Culture in the institution

- Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC

Benefits

IQAC will facilitate/contribute:

- Ensure heightened level of clarity and focus in institutional functioning towards quality enhancement

- Ensure internalization of the quality culture

- Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices

- Provide a sound basis for decision-making to improve institutional functioning

- Act as a dynamic system for quality changes in HEIs

- Build an organised methodology of documentation and internal communication

IQAC Composition

Internal Quality Assurance Cell (IQAC) Members (2025-26)

As per NAAC guidelines, the following members will serve on the IQAC for the academic year 2025-26

LinkedIn Learning

About the Partnership

LinkedIn Learning is one of the world's largest online professional learning platforms, offering a library of over 16,000 courses taught by industry-expert instructors across technology, business, creative skills, and leadership. A division of LinkedIn—the world's largest professional network—LinkedIn Learning bridges the gap between academic education and career readiness. This MOU provides MIET Jammu's academic programmes with institution-wide access to the full LinkedIn Learning library, enabling continuous, self-paced skill development aligned with current industry demands and job market trends.

Benefits for Students

- Unlimited Course Access: Students gain free, unlimited access to the entire LinkedIn Learning library—covering programming, data science, design, business, communication, and more.

- Improved Employment Outcomes: Research shows students who use LinkedIn Learning are 11% more likely to be meaningfully employed within a year of graduation.

- Certifications & Credentials: Completion certificates from LinkedIn Learning are shareable directly on LinkedIn profiles, boosting visibility to recruiters and employers.

- Personalised Learning Paths: AI-driven course recommendations tailor the learning experience to each student's career goals, current skills, and interests.

- Multilingual Content: Courses are available in English, Hindi, and multiple international languages, ensuring accessibility for all students.

LLB (Hons.) - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/llb-hons/ | Crawled: 2026-10-09T14:09:47.810911+00:00

LLB (Hons.)

About the Program

- 3 Years

- 60 Seats

MIET School of Law offers cutting-edge legal education through its LLB (Hons.) and five-year integrated BBA-LLB programs. Designed in line with NEP 2020, UGC, and BCI regulations, both programs follow a Choice-Based Credit System (CBCS) that promotes academic flexibility and holistic learning.

The LLB (Hons.) program equips students with strong legal foundations, practical skills, and ethical insights to excel in diverse legal careers.

Students benefit from experienced faculty, state-of-the-art infrastructure, and hands-on exposure through moot courts, legal aid clinics, internships, and court visits. With a focus on research, critical thinking, and industry engagement, MIET School of Law empowers future-ready legal professionals poised to lead in a global legal landscape.

Bachelor of Laws- LLB (Hons.)

The LLB (Hons.) program at MIET is designed to provide a rigorous, practice-oriented legal education aligned with NEP 2020 and BCI guidelines. Built for graduates seeking to build a strong foundation in law, the program emphasizes courtroom training, legal research, and professional ethics. Students engage in moot courts, legal aid clinics, internships, and policy discussions, gaining hands-on experience in real legal settings. With expert faculty, a learner-centric CBCS structure, and robust industry exposure, MIET's LLB (Hons.) program prepares students to thrive across litigation, judiciary, corporate law, and public service domains.

Where Excellence Meets Recognition

Our LLB (Hons.) program has received national recognition for its academic rigor, experiential learning approach, and alignment with contemporary legal standards—highlighting our commitment to nurturing competent, ethical, and practice-ready legal professionals.

Empower your legal career with an LLB (Hons.) from MIET—where knowledge meets real-world practice.

Prepare to lead with confidence and integrity in today's dynamic legal environment through MIET's LLB (Hons.) program. Designed for graduates seeking a rigorous legal education, this program builds a strong foundation in legal theory, practice, and ethics. With a focus on moot courts, legal aid clinics, research, and internships, students develop the analytical, advocacy, and problem-solving skills essential for success in litigation, corporate law, judiciary, and public service.

Specializations

Constitutional Law

Corporate Law

Crime & Ciminology

Intellectual Property Law

Placements

Whether you aim to practice law, enter the judiciary, join public service, or pursue higher studies, MIET's LLB (Hons.) program empowers you with in-depth legal knowledge, critical thinking, and real-world experience. With a robust curriculum rooted in legal theory, professional ethics, and courtroom exposure, you'll graduate prepared to make a meaningful impact—professionally, socially, and ethically—in today's complex legal landscape.

- Corporate Legal Associate

- Legal Analyst

- Compliance Officer

- Contract Manager

- Legal Consultant

- Litigation Associate / Advocate

- In-House Counsel

- Policy Analyst / Legal Researcher

- Legal Compliance Manager

- Entrepreneur / Legal Tech Startup Founder

Internships

The LL.B. program at MIET emphasizes practical learning through structured internships starting from the 2nd semester and continuing till the final year, aligned with academic progression and career goals.

2nd Semester

A mandatory internship across sectors such as Banking & Finance, FMCG, IT, Consulting, E-commerce, and Manufacturing, where students gain hands-on experience and apply functional knowledge to real-world business challenges.

3rd Semester

Students engage in short-term live projects or consulting assignments with companies, enhancing their understanding of dynamic business environments while developing analytical and communication skills.

4th Semester

In the final semester, students undertake an extended internship, allowing them to explore specialised domains and contribute meaningfully to business outcomes. This experience often serves as a pathway to final placements.

Program Highlights

Our 3-year LLB (Hons.) program is crafted for graduates seeking a transformative legal education that blends academic depth with practical exposure. Designed to meet the evolving demands of the legal profession, the program equips students with core

legal knowledge, professional ethics, and hands-on skills necessary for impactful careers in law, public service, and policy.

〉 Year 1: Legal Foundations & Skill Building ■ Gain a comprehensive grounding in constitutional, contract, criminal, and legal methods. ■ Participate in legal aid camps, court visits, and skill-based workshops. ■ Develop strong communication, critical thinking, and legal writing skills essential for professional growth.

〉 Year 2: Specialized Learning & Practical Exposure ■ Dive deeper into civil and criminal procedures, corporate law, and administrative law. ■ Explore internships with law firms, courts, NGOs, and government bodies. ■ Engage in moot courts, debates, and drafting exercises to refine advocacy and research abilities.

〉 Year 3: Career Focus & Legal Mastery ■ Choose electives aligned with your career goals—corporate law, litigation, judicial services, or legal research. ■ Complete a capstone project or research dissertation under faculty mentorship. ■ Prepare for careers in litigation, corporate legal departments, civil services, or higher studies in law.

Experiencial Learning

Legal Aid Clinic

The Legal Aid Clinic at MIET, established under the aegis of the School of Law, serves as a vital platform to promote access to justice and legal awareness within the community. Functioning under the guidance of faculty members and legal experts, the clinic provides free legal assistance, counseling, and support to the underprivileged sections of society. It also empowers students with hands-on experience through client interactions, legal literacy drives, and participation in pro bono activities. Committed to upholding constitutional values and social justice, the clinic bridges the gap between legal education and societal needs.

MOOT Court

Moot Court at MIET offers law students a platform to hone their advocacy, research, and legal reasoning skills in a simulated courtroom environment. The 1st Nyaya Vedanta Intra-Moot Court Competition, organized by the Moot Court Committee, marked a significant milestone. This two-day event featured memorial exchanges, researcher tests, and rounds judged by senior advocates from the J&K High Court. With standout performances and rigorous argumentation, the event showcased the courtroom readiness of our budding legal professionals. Through such initiatives, MIET fosters experiential learning, critical thinking, and professional excellence in legal education.

Supreme Court Exposure Visits – MIET School of Law

To bridge the gap between theoretical knowledge and real-world legal practice, MIET School of Law organizes regular exposure visits to the Supreme Court of India. These visits provide students with firsthand insight into the workings of the apex judicial institution. Interacting with legal luminaries, observing live court proceedings, and understanding constitutional advocacy deepen their understanding of the justice system. Such immersive experiences enrich classroom learning and inspire students to pursue excellence in the legal profession with greater clarity and purpose.

Our Academic Partners

Official Memberships in Regulatory Authorities

Eligibility

- 50% marks and above in Graduation.

- Any State or National Level Entrance Exam (CUET, CLAT) or MET (MIET Entrance Test)

Amandeep Singh

LLB (Hons.)

My experience at the MIET School of Law so far has been enriching and full of learning opportunities. Our faculty is always ready to support us in our academic journey, and the management constantly encourages student growth. There’s a strong emphasis on research, mooting, and interactive sessions with distinguished guests, all of which contribute to our holistic development

FAQs

Who is eligible to apply for the LLB (Hons.) program at MIET?

The program is open to graduates from any recognized university with a minimum of 50% marksin any discipline. There is no age limit as per BCI norms.

How long is the LLB (Hons.) program and what is its structure?

It is a 3-year full-time program divided into six semesters. The curriculum includes core legal subjects, skill-based training, internships, and research components under the CBCS system.

What kind of practical exposure will I get during the program?

Students participate in moot courts, legal aid clinics, court visits, and structured internships with law firms, corporate legal departments, NGOs, and government bodies.

- November 24, 2025

- Alumni Corner , Workshops and Events

MIET Corporate Leadership Talk Series – Episode 2: The Vision of Manik Batra

MIET was delighted to host an inspiring session featuring our esteemed alumnus, Mr. Manik Batra (Batch of 2000), who currently serves as the Chairman of ASSOCHAM J&K Council and Director of the Batra Group.

The Entrepreneurial Blueprint

Mr. Batra offered invaluable insights into his personal entrepreneurial journey and the rapid evolution of the Startup Ecosystem in India. He detailed the critical skills, resilience, and mindset required for students aspiring to launch successful ventures.

Focus on Jammu & Kashmir

A key component of the talk was the economic landscape of the region. Mr. Batra highlighted the specific, emerging opportunities in Jammu & Kashmir for young founders, emphasizing how they can become pioneers driving innovation and regional development.

The highly interactive session successfully motivated our students, equipping them with the knowledge and inspiration to embrace leadership in their own careers.

MIET is committed to bridging the gap between academia and industry through connections with successful alumni.

Overview

MIET has established a strategic partnership with the University of Florida, offering the MIET-University of Florida Certification Program for final-year Computer Science and Engineering students. This collaboration provides students with the opportunity to earn a certificate and potentially continue their academic journey through a preferential pathway to a Master of Science (MS) program at the University of Florida. The partnership, formalized during a visit by Prof. Sartaj Sahni, Distinguished Professor at the University of Florida, emphasizes academic excellence and global opportunities for MIET students. The program opens new avenues for advanced studies, research, and professional growth, preparing students for success in a rapidly evolving world.

- Opportunity to pursue MS Program

- Students earn 22 credits for 8th Semester

- 12 Credits from University of Florida, CISE Department.

- Certificate in Computer Science & Engineering from University of Florida.

IIT Jammu - Academic Collaboration

Minor Degree Programs and academic collaboration with IIT Jammu

MIET is proud to announce a historic collaboration with IIT Jammu to offer Minor Degree Specializations for B.E. students. This first-of-its-kind initiative in India provides students with the opportunity to gain specialized expertise in:

- Transportation Engineering

- Hydraulics and Water Resource Engineering

Through this partnership, MIET students will benefit from IIT Jammu's world-class faculty, cutting-edge research, and state-of-the-art resources. This collaboration opens new avenues for academic excellence, interdisciplinary learning, and professional growth. By integrating IIT Jammu's specialized curriculum with MIET's strong academic foundation, students will gain industry-relevant skills and advanced technical knowledge, preparing them for challenging careers in civil engineering and infrastructure development.

NIRF

Overview

The National Institutional Ranking Framework (NIRF) was approved by the MHRD and launched by Honourable Minister of Human Resource Development on 29th September 2015. This framework outlines a methodology to rank institutions across the country. The methodology draws from the overall recommendations broad understanding arrived at by a Core Committee set up by MHRD, to identify the broad parameters for ranking various universities and institutions. The parameters broadly cover "Teaching, Learning and Resources", "Research and Professional Practices", "Graduation Outcomes", "Outreach and Inclusivity," and "Perception".

Links to other websites Our website may contain links to other websites of interest. However, once you have used these links to leave our site, you should note that we do not have any control over that other website. Therefore, we cannot be responsible for the protection and privacy of any information which you provide whilst visiting such sites and such sites are not governed by this privacy statement. You should exercise caution and look at the privacy statement applicable to the website in question. Controlling your Personal Information You may choose to restrict the collection or use of your personal information in the following ways: whenever you are asked to fill in a form on the website, look for the box that you can click to indicate that you do not want the information to be used by anybody for promotional purposes. If such a box is not available, you may choose not to fill such a form. However, by submitting the filled enquiry form, you will be construed to have foregone your right and Company may choose to send promotional emails and materials from time to time. if you have previously agreed to us using your personal information for promotional purposes, you may change your mind at any time by writing to or emailing us at We will not sell, distribute or lease your personal information to third parties unless we have your permission or are required by law to do so. We may use your personal information to send you promotional information about third parties which we think you may find interesting.

Accreditation & Rankings - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/rankings/ | Crawled: 2026-10-09T14:09:47.810911+00:00

Accreditation & Rankings

Model Institute of Engineering and Technology (MIET), Jammu, has achieved significant recognition from apex bodies in Indian higher education. It holds Autonomous Status conferred by the University Grants Commission (UGC), making it the first technical institution in the Union Territory of J&K to receive this honor. MIET is also accredited with an "A" Grade by the National Assessment and Accreditation Council (NAAC), highlighting its academic excellence, green campus, and strong R&D culture. Furthermore, its CSE Department is NBA-accredited, reflecting the institute's adherence to high-quality academic standards. MIET has also been recognized by the All India Council for Technical Education (AICTE) for innovation and digital excellence.

MIET has been awarded the prestigious Gold Band in the "Sustainable Institutions of India – Green Rankings 2025" by R. World Institutional Rankings, a testament to its sustained efforts and commitment to environmental responsibility and sustainable development.

Among its many accolades, MIET received the Digital Campus Excellence Award at the Economic Times EduTech Awards for innovation in digitization and campus automation. It was also honored with the New Code of Education Award 2021 for being one of the top autonomous colleges in India for digital excellence.

MIET was ranked 51st among India's top 100 tech-enabled engineering colleges by DataQuest Magazine, and earlier featured as the first J&K institution in the Top 100 T-Schools, ranked 72nd in 2020. Its School of Management was ranked 52nd in India by Business Today in the Return-on-Investment category.

The institute's homegrown analytics platform, Performance Insight 360, earned MIET the QCI D.L. Shah Platinum Award and the Ricoh Education Excellence Award for enabling technology in student services. This innovation also secured MIET a spot in the Top 9 Innovators at the India Innovation Initiative by AICTE, DST, and CII.

Additionally, MIET received the Outstanding Technical Institution Award from NITTTR Chandigarh and was listed among the Top 50 Institutions by IBM during TGMC-2013 for its real-world impactful student projects. These recognitions underscore MIET's leadership in quality education, innovation, sustainability, and digital transformation.

StartUp Summits

JK StartUp Conclave

Celebrating entrepreneurship and innovation, the Jammu Kashmir Startup Conclave 2024 was successfully hosted by Model Institute of Engineering and Technology (MIET) in collaboration with FICCI FLO JKL on November 8th. The event highlighted the entrepreneurial spirit of J&K, providing a platform for budding entrepreneurs to share ideas and connect with industry leaders. Esteemed speakers, including Mr. Bhuvan Gupta, Dr. Aarti Gupta, Mr. Mahavir Pratap Sharma, and Dr. Deepak Motwani, shared valuable insights on building startups, overcoming challenges, and scaling operations. Senior government officials, Dr. Arun Kumar Manhas, Mr. Rajinder Kumar Sharma, and Sh. G. Velladurai, reinforced the government's commitment to fostering a strong startup ecosystem. The Startup Pride Awards recognized 10 innovative startups, while early-stage startups received over Rs. 2.5 lakhs for their promising potential. The Elevator Pitch Competition attracted over 500 entries from institutions across the region, showcasing exceptional energy and innovation. The conclave was a significant step toward fostering growth, learning, and empowerment for the next generation of entrepreneurs in Jammu and Kashmir.

SEED

The SEED (Startup Ecosystem for Entrepreneurial Development) initiative at the Model Institute of Engineering and Technology (MIET) Jammu is a comprehensive program designed to nurture and support innovative minds and foster a thriving startup ecosystem. Through SEED, MIET aims to create a conducive environment where aspiring entrepreneurs can transform their ideas into successful ventures. The initiative provides various resources such as mentoring from industry experts, access to venture capital, networking with potential investors, and collaboration opportunities with other startups and businesses. Additionally, SEED organizes workshops, seminars, and boot camps to equip entrepreneurs with the necessary skills to tackle real-world challenges and scale their businesses effectively. MIET's SEED program is an integral part of the institution's mission to promote entrepreneurship and innovation, contributing to the growth of the local economy and the development of a robust startup culture in the region

UDAY

The UDAY Summit, organized by the Model Institute of Engineering and Technology (MIET) in Jammu, is a flagship event aimed at fostering entrepreneurship, innovation, and business growth in the region. This summit serves as a dynamic platform for aspiring entrepreneurs, industry leaders, investors, and academicians to collaborate, share insights, and explore opportunities within the startup ecosystem. The event features keynote addresses from renowned business leaders, panel discussions on emerging trends, startup pitching sessions for investment opportunities, and workshops on business strategy, funding, and scaling ventures. Additionally, the UDAY Summit provides networking opportunities to connect startups with mentors, industry experts, and government bodies, facilitating access to resources and support. By hosting such an impactful event, MIET reaffirms its commitment to strengthening the entrepreneurial landscape of Jammu and Kashmir, empowering young innovators, and contributing to the region's economic and technological advancement.

UiPath RPA Academy - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/uipath/ | Crawled: 2026-10-09T14:09:47.810911+00:00

UiPath RPA Academy

Overview

Automation is driving the digital transformation and UiPath (serving NASA, Airbus, GE, and Autodesk to name a few) is a leading Robotic Process Automation vendor providing a complete software platform to help organizations efficiently automate business processes.

MIET, Jammu has collaborated with UiPath, USA and has set up UiPath RPA Academy under UiPath Academy Alliance. The academy provides the Robotic Process Automation course at beginner, developer, and advanced level. Mr. Purnendu Prabhat is the certified instructor for the UiPath RPA Academy. UiPath provides free UiPath Studio Software (Academic Alliance version) and a plethora of study materials and video lectures to MIET as part of this collaboration.

Courses Offered

Robotic Process Automation Awareness (2 hours) The Robotic Process Automation (RPA) Awareness course teaches RPA fundamentals, explaining both how companies are exploring this technology and its benefits. The lessons include guidelines on selecting the appropriate processes for automation, strategies for successfully implementing RPA, and an introduction to UiPath solutions.

Robotic Process Automation Design & Development v1.1 (50 hours) The Robotic Process Automation (RPA) Design & Development course offers comprehensive knowledge and professional-level skills focused on developing and deploying software robots. The course assumes no prior knowledge of RPA. It begins by refreshing basic programming skills and introducing basic RPA concepts. The course then introduces the UiPath RPA platform and teaches a student how to use free UiPath software (Academic Alliance edition) to automate business processes. It has a 30-hour theory component, an associated 20-hour lab component and 10-hours of capstone projects.

Special Jury - Partner Award

MIET has conferred the Special Jury – Award for the Best Partner Institution at the UiPath Academic Alliance Awards.

University of Missouri-Kansas City, USA

Overview

In 2014, MIET signed a historic MoU with the University of Missouri-Kansas City (UMKC), offering MIET students a special admissions program for the MS in Computer Science and Engineering (CSE) at UMKC. Eligible students, based on their performance in core engineering courses, can gain direct admission to the MS program without the GRE requirement and receive a scholarship of up to 50% tuition fee waiver. This collaboration also includes opportunities for joint research and development activities, further enhancing academic and professional prospects for MIET students.

ZohoBooks - Model Institute Of Engineering And Technology

Source: https://mietjmu.in/zoho/ | Crawled: 2026-10-09T14:09:47.810911+00:00

ZohoBooks

About the Partnership

Zoho Books is a cloud-based accounting and financial management platform developed by Zoho Corporation, one of India's leading software companies. This industry linkage establishes a formal collaboration between MIET Jammu's academic programmes and Zoho to integrate real-world accounting software into the academic curriculum, bridging the gap between classroom theory and professional practice in the fields of commerce, accounting, and business administration. The partnership provides students with hands-on experience in a platform that is widely adopted by businesses across India and internationally.

Benefits for Students

- Free Software Access: Students enrolled in relevant programmes receive complimentary access to Zoho Books for the duration of their coursework, eliminating the need for costly software subscriptions.

- Practical Skill Development: Students gain hands-on experience with core accounting functions including invoicing, expense tracking, bank reconciliation, financial statements, and GST compliance.

- Industry-Ready Proficiency: Familiarity with Zoho Books significantly improves employability, as the platform is used by thousands of SMEs, startups, and enterprises across India.

- Certification Opportunities: Students may pursue Zoho-recognized certifications that add credibility to their professional profile upon graduation.

- Real-World Scenario Practice: Through simulation exercises and live projects, students practise tasks mirroring actual financial workflows used in industry.
