1. Components of Evaluation

Evaluation in each theory course consists of continuous internal assessment conducted by the institute and an end-semester examination conducted by the University of Jammu. Practical courses are assessed through continuous lab evaluation and a practical/viva examination.

Component	Typical weightage	Remarks
Internal assessment (sessional tests, assignments, quizzes, attendance)	Approx. 30-40%	Conducted by the department; marks are submitted to the University
End-semester examination (theory)	Approx. 60-70%	Conducted as per the University date sheet
Practical / viva-voce	As per scheme	Internal and external examiners
Project / seminar / training	As per scheme	Report, presentation and viva-voce

The exact distribution of marks for each course is given in the scheme and syllabus approved by the University for the batch.

2. Internal Assessment

- Two or more sessional/mid-semester tests are conducted in each semester according to the academic calendar.
- Marks for assignments, class tests and attendance are awarded by the course teacher.
- Internal marks are displayed on the notice board/portal so that students can raise concerns before submission to the University.

- Answer books must be handed over to the invigilator before leaving the hall; no part of the answer book may be taken out.

6. Unfair Means

The following are treated as unfair means: possession of or copying from notes/electronic devices, copying from another candidate, impersonation, communication with other candidates, tearing or tampering with the answer book, writing appeals or irrelevant matter in the answer book, misbehaviour with examination staff, and any act that compromises the integrity of the examination.

- The matter is reported to the University Unfair Means Committee, which decides the penalty.
